ABOUT ME

Born in New Jersey, raised in Trinidad and Tobago, and subject to multiple major changes through college, I utilize the numerous perspectives and skillsets at my disposal to provide a myriad of services to any client.

My work emphasizes the sleek and clean, leaving room for accompanying materials to speak for themselves. This ethos is present within my photography and art as well; I find allowing type to work with illustration has near limitless potential.

Liberate

Less is more

Live and die on this day
Once more into the Frey

Only a happy vibe in my tribe
lean into the spontaneity of life

Into the last good fight ill ever know

Memento mori, and live in the moment

Channel yourself into everything you do

This is your life. Do what you love and do it often.

Creative process is more important than the end result

Allow yourself to be lazy when you can afford to be lazy

In order to perfect something, you need to be the student first.

Life is full of setbacks. Success is determined by how you handle them.

Prioritize your time and if you're thinking about making something, do it

Procrastination is feeding the unhealthy mind- don't acquire mental obesity.

We're not defined by our difficulties. We're defined by how we respond to them.

"You never know how strong you are, until being strong is your only choice." Bob Marley (I like this quote :))

We're not defined by our difficulties.
We're defined by how we respond to them.

You never know how strong you are, until
being strong is your only choice.

COLLIDE

天と地

In Abrahamic religious traditions (such as Judaism, Christianity, and Islam) and some sects of other belief-systems like Hinduism and Buddhism, an angel is a heavenly supernatural or spiritual being. In monotheistic belief-systems, such beings are under service of the supreme deity (i.e. God).

The Moon is Earth's only natural satellite. It orbits at an average distance of 384,400 km (238,900 mi), about 30 times the diameter of Earth. Over time Earth's gravity has caused tidal locking, causing the same side of the Moon to always face Earth. Because of this, the lunar day and the lunar month are the same length, at 29.5 Earth days. The Moon's gravitational pull – and to a lesser extent, the Sun's – are the main drivers of Earth's tides.

Divine retribution is supernatural punishment of a person, a group of people, or everyone by a deity in response to some action. Many cultures have a story about how a deity exacted punishment upon previous inhabitants of their land, causing their doom.

盛衰 rise and fall

"I'm listening to music 24/7 and have a background in a few instruments, so a spread promoting an upcoming album felt natural"

I got my interest in graphic design from a friend I met in my teenage years online. I made some informal commissions for personal creative works, and we worked closely together for years.

A significant inspiration for him at the time and myself years later was Blame! by Tsutomu Nihei, as well as other industrial cyberpunk work. The idea of "cluttered, but clean" became my guiding principle in this term's work, and likely in the work to follow. After long consideration, I decided a magazine spread would be the best method to highlight this style

Divine Intervention

I'VE ALWAYS BEEN INTERESTED IN ANGELS, MOSTLY FROM AN AESTHETIC SENSE RATHER THAN A RELIGIOUS ONE. THEY'RE CLOSE TO HUMAN, BUT ALIEN ENOUGH TO BE OFFPUTTING.

I WANTED TO INCORPERATE THAT FEELING INTO MY WORK SOMEWHAT, WITH SIGILS AND SYMBOLS PLACED SOMEWHAT HAP-HAZARDLY AS IF ANCIENT RUNES.
